CONDICIONES DE LA SUBASTA | SALE CONDITIONS

1º La puja inicial es en Euros y es el precio mínimo al que puede adjudicarse cada lote. Este precio actúa como reserva y no se puede adjudicar por debajo

2º Al precio de adjudicación se le añadirá un 22% de comisión, en concepto de derechos de subasta (18,18%) e IVA (21%) más los gastos de envío y/o seguro.

3º Si no puede asistir personalmente a la Subasta, envíe sus ofertas tan pronto como sea posible. Los lotes son vendidos al precio más barato posible y no al importe de puja. Por ejemplo, un lote de 1.000 € que Vd. puja 3.000 € y la oferta más alta anterior a la suya es de 1.500 €, se le adjudicará a Vd. en la puja siguiente, en este caso 1.600 €. A igualdad de pujas, gana la recibida con anterioridad y la recibida a través de nuestra web oficial o cualquier otra de nuestras plataformas. Algunos lotes pueden tener una reserva impuesta por el vendedor.

4º Las pujas deberán efectuarse en EUROS; cualquier puja en otra moneda, será convertida en EUROS. Los pagos deben realizarse en Euros. El importe recibido en otra moneda será sujeto al cambio del día de la recepción de la orden o del pago.

Cuadro de pujas:

Hasta 50 €	Puja mínima	2 €
De 50 a 100 €	Puja mínima	5 €
De 100 a 200 €	Puja mínima	10 €
De 200 a 500 €	Puja mínima	20 €
De 500 a 1.000 €	Puja mínima	50 €
De 1.000 a 3.000 €	Puja mínima	100 €
De 3.000 € a 5.000 €	Puja mínima	200 €
De 5.000 € en adelante	A criterio del subastador	

5º Los compradores deberán efectuar el pago a la recepción de la factura. A la recepción del pago, los lotes serán enviados por correo siempre que el comprador no nos haya dado instrucciones distintas.

6º SOLER Y LLACH AUCTIONS se reserva la facultad de agrupar a su criterio dos o más lotes de la presente Subasta así como de retirar cualquier lote

7º SOLER Y LLACH AUCTIONS se reserva el derecho de admitir o rechazar la entrada de un cliente a la sala de subastas así como de rechazar una oferta por escrito. El subastador es quien regula las pujas y en el caso de cualquier disputa entre compradores, su decisión final es la válida.

8º AUTENTICIDAD. Todos los lotes vendidos a través de SOLER Y LLACH AUCTIONS tienen garantizada su autenticidad. Cualquier reclamación al respecto debe ser comunicada a SOLER Y LLACH AUCTIONS dentro de 30 días posteriores a la fecha de la Subasta. El comprador pierde todos los derechos de reclamación después de este período. Cuando se solicite una extensión, se debe informar a SOLER Y LLACH AUCTIONS antes de transcurridos 20 días de la fecha de la Subasta. El resultado de la expertización se debe comunicar a SOLER Y LLACH AUCTIONS dentro de los 3 meses de la fecha de la Subasta.

9º Los lotes serán subastados en su condición actual y no se aceptarán reclamaciones por restauraciones o daños. Aunque las descripciones se realizan de manera exhaustiva, los compradores tendrán que comprobar, antes de la subasta, que las descripciones corresponden a su opinión personal sobre el lote. De todos modos no se aceptarán reclamaciones transcurridos 30 días de la fecha de la Subasta.

10º Lotes de conjunto y colecciones no pueden ser devueltos. Se recomienda un detenido examen para tener un completo conocimiento del contenido del lote.

1st The starting price is expressed in Euros and it is the lowest price at which a lot can be awarded. This price must be considered a reserve price, and it will not be decreased.

2nd The hammer price will be increased by a 22% commission/buyer's premium, for auction rights (18,18%) and VAT (21%) plus shipping and/or insurance.

3rd If you are unable to attend the Auction personally, please send us your commission bids as soon as possible. Lots are not necessarily sold for the amount of your bid, but at the lowest available price. For instance, if you bid € 3.000 for a lot with a starting price of € 1.000 and the highest bid below yours is € 1.500 the lot will be awarded to you for € 1.600. If there are two identical bids, the one received first and the bids received through our website and other platforms are given priority. Some lots may have a reserve price imposed by the vendor.

4th Bids must be made in EUROS. Bids in any other currency will be converted to EUROS. Payments have to be made in EUROS. The amount received in another currency, will be subject to the daily Bank exchange rate.

If an extension is required, SOLER Y LLACH AUCTIONS must be informed within 20 days of the auction date. The result of the expertise must be brought to the attention of SOLER Y LLACH AUCTIONS within 3 months of the Auction date.

9th The lots will be auctioned in their present condition, and no claims will be accepted for restorations or damages. SOLER Y LLACH AUCTIONS cargará en la cuenta del comprador un interés del 0,50% cada final de mes sobre el saldo deudor, más cualquier gasto que conlleve la demora. ☒ Cover (corner fault and part of flap missing) from GUANAJAY, Cuba to FRANCE franked 1870 10 c. green pair with a central oval dumb cancel and tied by the ANGL./AMB.CALAIS cds (30 Dec). The cover is also handstamped with a '10' centimes charge mark, boxed G.B./1F 60c. and five other datestamp include GUANAJAY/ISLA DE CUBA (13 Nov.) SPANISH MAIL PACKET (4 Dec.), LONDON (29 Dec.) and BIARRITZ (2 Jan.71). The rare Spanish Mail Packet datestamp was sent from London in March 1868 for use by the British mail agents on the bi-monthly Spanish steamers operated by Don Ramos Herrera from St. Thomas to Havana calling at Santiago de Cuba and Porto Plata. The agents on this service mainly carried closed bags of mail and did not normally sort mail on board or accept loose letters. No more than five examples of this datestamp are believed to be known while only two examples of the 'D26' numeral issued to the agents have been recorded. An important item and undoubtedly one of the rarest of all mailboat or British Post Office abroad datestamps.

 ☒ 1829. EXPEDICIÓN ESPAÑOLA A MÉXICO. Carta escrita a bordo de la Fragata 'Encarnación' en el puerto de La Habana el 7 de Marzo de 1830 por el soldado español Miguel Vígo a su hermana en Ciudadela (Islas Baleares). Marca lineal HABANA en negro y tasa '6 R' estampada en España. En la carta, el soldado relata con detalle la expedición, que dice contaba con 3.500 hombres, así como la toma del puerto de Tampico y de la ciudad de Tamaulipas y la posterior capitulación. En la expedición, según cuenta la carta, se perdieron 1.000 hombres y costó 700.000 pesos. PIEZA EXCEPCIONAL DE GRAN INTERÉS HISTÓRICO, única carta conocida de esta desdichada expedición militar para la reconquista de México. Nota: En 1822, se consolida la Independencia de México, Iturbide fue proclamado Emperador y abdicó en 1823 ante el triunfo del Republicanismo Liberal. En 1827, la conspiración del Padre Arenas, ocasionó varias ejecuciones y la expulsión parcial de los españoles, que fue total en Marzo de 1829. España, creyendo fácil la reconquista por el desorden político, envió una expedición desde Cuba al mando de Isidro Barradas, que desmbarcó en Tampico el 27-VII-1829, pero tuvo que capitular el 11-IX-1829 ante el General Santa Ana. Las tropas españolas volvieron a La Habana y España reconoció, finalmente, la Independencia de México en 1836. Cert. COMEX.

I shall in all probability reach Calcutta in two or three days whereupon I shall write you more fully. At the first opportunity you will be good enough to mention this to Mr. Taylor with compliments as I defer writing to him until I get to town. A merry Christmas to you, it is more than I have had...
